SEJARAH UNIMAS

21 TAHUN KECEMILANGAN

UNIMAS secara rasminya ditubuhkan pada 24 Disember 1992. Bermula dengan kira-kira 30 orang kakitangan akademik, UNIMAS membuka pintunya kepada kumpulan pertama 118 orang pelajar pada 8 Ogos 1993. Para pelajar telah didaftarkan di dua fakulti perintis iaitu Fakulti Sains Sosial dan Fakulti Sains dan Teknologi Sumber. Dua pusat sokongan akademik juga ditubuhkan iaitu Pusat Pembelajaran Gunaan dan Multimedia (PPGM), dan Pusat Khidmat Maklumat Akademik (PKMA).

Pada tahun berikutnya, empat lagi fakulti membuka pintu untuk kursus ijazah pertama. Fakulti-fakulti berkenaan ialah Fakulti Sains Kognitif dan Pembangunan Manusia, Fakulti Seni Gunaan dan Kreatif, Fakulti Kejuruteraan dan Fakulti Teknologi Maklumat. Bilangan kakitangan dan pelajar meningkat sebanyak empat kali ganda. Sementara itu, profil UNIMAS mula meningkat kerana kebanyakan fakulti mula menawarkan program pascasiswazah. Aktiviti penyelidikan mula berakar umbi dengan penubuhan Institut Biodiversiti dan Pemuliharaan Alam Sekitar, yang memberi tumpuan kepada kepelbagaian flora dan fauna di Borneo. Hubungan dengan pelbagai universiti di luar negara juga mula dijalin.

Tempoh antara Januari 1995 dan akhir Disember 1996 menyaksikan peningkatan dalam pemantapan struktur akademik dan penyelidikan Universiti. Dua lagi fakulti, Fakulti Perubatan dan Sains Kesihatan yang ditubuhkan pada tahun 1995, dan Fakulti Ekonomi dan Perniagaan yang ditubuhkan pada 1996, mula mengambil kelompok perintis pelajar masing-masing. Hal ini menjadikan jumlah fakulti kepada lapan buah keseluruhannya, seperti yang dirancang pada awal penubuhan UNIMAS. Pusat Pengajian Bahasa dan Komunikasi mula menawarkan program *Teaching of English*

as a Second Language (TESL), sebagai tambahan kepada kursus-kursus generik kemahiran bahasa. Institut Kesihatan dan Perubatan Komuniti, dan Institut Teknologi Perisian juga ditambah kepada senarai institut penyelidikan yang sedia ada.

Tahun 1997 menyaksikan detik bersejarah di UNIMAS apabila kumpulan perintis graduan menerima ijazah mereka pada majlis konvokesyen sulung Universiti. Pada tahun ini juga Institut Pengajian Asia Timur ditubuhkan.

Pada tahun 2000, Prof Datuk Yusuf Hadi telah dilantik sebagai Naib Canselor ke-2 bagi menggantikan Prof Dato' Zawawi Ismail selaku Naib Canselor yang pertama. Prof Datuk Dr. Abdul Rashid Abdullah telah dilantik sebagai Naib Canselor ke-3 pada 1 Februari 2005. Prof Datuk Dr. Khairuddin Ab. Hamid kemudiannya dilantik sebagai Naib Canselor ke-4 pada tahun 2008 sehingga 31 Mac 2013. Manakala, Prof Dato' Dr. Morshidi Sirat kemudiannya dilantik sebagai Naib Canselor UNIMAS ke-5 pada 1 April 2013. Walau bagaimanapun, tempoh perkhidmatan beliau terpaksa dipendekkan kerana beliau telah dipanggil semula ke Kementerian Pendidikan Malaysia untuk memegang jawatan Ketua Pengarah. YBhg Prof Dato' Dr Mohamad Kadim Suaidi seterusnya mengambil alih jawatan sebagai Naib Canselor UNIMAS ke-6 pada 16 April 2013.

Setakat Disember 2013, jumlah enrolmen pelajar prasiswazah ialah seramai 13,393 orang, pascasiswazah 1,336 orang manakala pelajar pra-universiti ialah 707 orang. Manakala jumlah kakitangan Universiti ialah seramai 2,196 orang dan daripada jumlah ini, 726 orang mewakili kumpulan akademik.

HISTORY of the University

UNIMAS was officially incorporated on December 24, 1992. With a total of 30 academic staff, UNIMAS opened its doors to the first batch of 118 students on August 8, 1993. The students were registered in two pioneering faculties namely the Faculty of Social Sciences and the Faculty of Resource Science and Technology. Two academic support centres were also established, namely the Centre for Applied Learning and Multimedia (CALM), and the Centre for Academic Information Services (CAIS).

The following year (1994) saw four other faculties opening their doors to undergraduate and postgraduate students. The faculties are the Faculty of Cognitive Sciences and Human Development, Faculty of Applied and Creative Arts, Faculty of Engineering and the Faculty of Information Technology. The number of staff and students quadrupled. Meanwhile, UNIMAS began raising its profile by offering graduate programs through several faculties. Research activities began to take root with the establishment of the Institute of Biodiversity and Environmental Conservation, which focuses on the diversity of flora and fauna in Borneo. Relationships with various universities abroad were also forged.

The period between January 1995 and December 1996 saw further enhancement in the academic and research structure of the University. The Faculty of Medicine and Health Sciences was established in 1995 and started taking pioneer batch of students, followed by the Faculty of Economics and Business, in 1996. These brought the total number of faculties to eight, as planned at the beginning of the University's establishment. The Centre for Language & Communication

Studies began offering the Teaching of English as a Second Language (TESL) programme, in addition to generic language courses. The Institute of Health and Community Medicine, and the Institute of Software Technology were added to the list of existing research institutes.

A historic event took place in UNIMAS in 1997 with the pioneering batch of graduates receiving their degrees at the inaugural convocation of the University. In the same year, the Institute of East Asian Studies was established.

In 2000, Prof Datuk Yusuf Hadi was appointed as the second Vice-Chancellor to replace Prof. Dato' Zawawi Ismail who was the first Vice-Chancellor of UNIMAS. The position was occupied by Prof Datuk Dr. Abdul Rashid Abdullah on February 1, 2005 as the third Vice-Chancellor. Prof Datuk Dr. Khairuddin Abdul Hamid was appointed the fourth Vice-Chancellor in 2008 until March 31, 2013. YBhg Prof Dr Morshidi bin Sirat was later appointed as the fifth VC on 1 April 2013. His tenure, however, was brief as he was recalled to occupy the position of Director General at the Ministry of Education, Malaysia. Consequently, YBhg Prof Dato' Dr Mohamad Kadim Suaidi took over as the sixth Vice Chancellor of UNIMAS on 16 April 2013.

As of December 2013, the total enrollment was over 13,393 for undergraduate students, 1,336 for graduates and 707 for pre-university students. A total of 2,196 people have been employed by the University, and of this number, 726 are academics.

PENGERUSI LEMBAGA PENGARAH UNIVERSITI

THE CHAIRMAN'S REPORT

Sepanjang tahun 2013, Lembaga Pengarah Universiti (LPU) telah memainkan peranan yang aktif membantu Universiti mencapai hala tuju ke arah kecemerlangan.

LPU yang diterajui oleh Pengerusinya YBhg Datu Dr Hatta Solhi telah melaksanakan tugas-tugas fidusiari, di samping memastikan dasar yang digubal dan diluluskan adalah selaras dengan peruntukan Akta Penubuhan Badan Berkanun dan tidak bercanggah dengan undang-undang serta dasar dan arahan Kerajaan yang berkuat kuasa pada sesuatu masa.

Sepanjang 2013 juga, mesyuarat LPU dan mesyuarat khas LPU berjaya diadakan secara berkala dan mengikut keperluan, terutamanya yang melibatkan pelaksanaan segera di peringkat Eksekutif.

Bagi memastikan kelestarian pengurusan UNIMAS yang efektif dan berkesan, pematuhan terhadap Tadbir Urus yang efisien adalah menjadi keutamaan LPU kerana banyak keputusan yang berhubung dengan Dasar dan Tadbir Urus Universiti. Banyak keputusan telah dapat dimuktamadkan bagi menjamin kelancaran proses pengurusan Universiti. Dalam melaksanakan peranan ini, LPU telah bekerjasama rapat dengan barisan Pengurusan Universiti (Jawatankuasa

In 2013, the University's Board of Directors (BOD) played an active role to assist the University in paving its path towards excellence.

LPU led by its chairman, Datu Dr Hatta Solhi, fulfilled their fiduciary duties, apart from ensuring that policies were formulated and approved in accordance with the provisions of Akta Penubuhan Badan Berkanun and did not conflict any existing law, government policies and directives (enactment).

Throughout 2013, LPU meetings and special LPU meetings were successfully and regularly held and as needed, especially those involving immediate implementation at the Executive level.

To ensure the transparency of efficient and effective management of UNIMAS, compliance to efficient Governance is LPU's top priority because many decisions relating to the University's Policies and Governance University were successfully reached to ensure the smooth running of the University's management. In performing this role, LPU has worked closely with the University Management team (Executive Committee) to ensure the achievement of UNIMAS vision and mission. For instance, UNIMAS Strategic Plan was jointly outlined by the Board of Directors and the University's management. This is to ensure that key performance indicators (KPI) of the University can be monitored and achieved.

Eksekutif) bagi memastikan pencapaian Visi dan Misi UNIMAS. Sebagai contoh, Pelan Strategik UNIMAS telah dirangka bersama antara LPU dan pengurusan Universiti. Hal ini adalah bagi memastikan Petunjuk Prestasi Utama (KPI) Universiti boleh dipantau dan dicapai.

Selain itu, LPU juga terlibat dengan Kawalan Belanjawan dan Kewangan, Pelaburan Kumpulan Wang Yang Berlebihan, Penyelenggaraan Rekod Akaun, Penyediaan dan Penyerahan Akaun-akaun, Laporan Tahunan, Laporan Juraudit Dalam dan Pengawasan Anak Syarikat. LPU juga telah mengarahkan agar Tadbir Urus Anak Syarikat dikemas kini dan Pelan Perniagaan disediakan pada setiap tahun.

Sepanjang tahun 2013, beberapa dasar dan isu berkaitan perjawatan, pembangunan serta kewangan telah dapat diselesaikan hasil daripada kesepakatan kerjasama antara Lembaga dan Eksekutif. Ini termasuklah isu berhubung dengan pembangunan kolej pelajar serta pelantikan jawatan utama Bendahari dan Pendaftar. Pindaan kepada Akta Universiti dan Kolej Universiti (AUKU) Pindaan 2012, sedikit sebanyak telah membantu penyelesaian ini.

Prestasi pencapaian KPI UNIMAS pada tahun 2013 juga adalah di tahap yang tinggi dan sangat memuaskan. Pada tahun-tahun mendatang, penekanan akan diberikan khusus ke atas bidang tujahan (*niche-area*) yang telah dikenal pasti.

Penandaarasan (*Benchmarking*) peranan LPU antara IPTA/IPTS juga dijalankan pada tahun 2013. Lawatan penandaarasan telah dilaksanakan pada 12 hingga 14 Jun 2013 dengan berkongsi Amalan Terbaik (*Best Practices*) bersama Universiti Malaya (UM), Universiti Putra Malaysia (UPM) serta Taylor's University. Tinjauan lawatan penandaarasan ini juga melibatkan pemerhatian terhadap amalan terbaik pengurusan Anak Syarikat Universiti.

In addition, the LPU is involved with Budget and Financial Control, Pelaburan Kumpulan Wang Yang Berlebihan, Maintenance of Account Records, Preparation and Submission of Accounts, Annual Report, Auditors Report and Pengawasan Anak Syarikat. LPU has also directed an update on Subsidiary Governance and annual preparation of the University's Business Plan.

During 2013, a number of policies and issues related to staffing, development and finance have been resolved as a result of the cooperation between the Board and the Executive. This includes issues related to the development of students' colleges as well as key appointments for the positions of Treasurer and Registrar. The amendments to the University and University College Act (AUKU), Amendment 2012, have helped in resolving the issues. UNIMAS KPI achievement for 2013 demonstrated high level performance and excellence. In the coming years, special emphasis will be placed on niche areas that have been identified.

The benchmarking of the roles of LPU between public and private institutions of higher learning was also carried out in 2013. The University did a benchmarking visit from 12 to 14 June, 2013 and shared information on Best Practices with the University of Malaya (UM), Universiti Putra Malaysia (UPM) and Taylor's University. The visit also involves observation on the best management practices for the University's subsidiaries.

"SEPANJANG TAHUN 2013, BEBERAPA DASAR DAN ISU BERKAITAN PERJAWATAN, PEMBANGUNAN SERTA KEWANGAN TELAH DAPAT DISELESAIKAN HASIL DARIPADA KESEPAKATAN KERJASAMA ANTARA LEMBAGA DAN EKSEKUTIF."

"DURING 2013, A NUMBER OF POLICIES AND ISSUES RELATED TO STAFFING, DEVELOPMENT AND FINANCE HAVE BEEN RESOLVED AS A RESULT OF THE COOPERATION BETWEEN THE BOARD AND THE EXECUTIVE."

Tahun 2013 juga menyaksikan dua kali perubahan kepada tampok kepimpinan jawatan Naib Canselor UNIMAS, dan sekali gus kepada keanggotaan LPU. YBhg Prof Datuk Dr Khairuddin Ab Hamid telah tamat tempoh sebagai Naib Canselor pada 31 Mac 2013, dan hal ini sekaligus memberi laluan kepada YBhg Prof Dato' Dr Morshidi Sirat menganggotai LPU selaku Naib Canselor yang baharu. Namun demikian, beliau terpaksa melepaskan jawatan Naib Canselor UNIMAS pada 15 April 2013 untuk menjawat jawatan sebagai Ketua Pengarah di Jabatan Pengajian Tinggi, Kementerian Pendidikan Malaysia. Tempat beliau diisi oleh Prof Dato' Dr Mohamad Kadim Suaidi pada 16 April 2013. Pada 1 Julai 2013 pula, LPU kehilangan seorang ahli yang berwibawa iaitu YBhg Dato' Peter Minos yang telah melepaskan jawatan sebagai ahli LPU atas faktor kesihatan. Ketiga-tiga individu yang tersohor ini telah banyak menyumbang ke arah kecemerlangan UNIMAS sepanjang penglibatan mereka dalam LPU sama ada untuk jangka masa panjang mahupun jangka masa pendek.

Pelantikan YBhg Prof Dato' Dr Mohamad Kadim Suaidi menyaksikan kemasukan keahlian baharu LPU. Keahlian bertambah dengan pelantikan YBhg Dr Haji Mohammad Hirman Ritom Abdullah dan YB Puan Hajah Sharifah Hasidah Haji Sayeed Aman Ghazali yang telah dilantik sebagai ahli LPU pada 1 Oktober 2013. Dalam jangka masa yang singkat, menghampiri penghujung tahun 2013, LPU telah mendapat maklum balas dan cadangan-cadangan yang bernas daripada kedua-dua ahli baharu untuk mendukung aspirasi kecemerlangan UNIMAS.

Akhir sekali, seperti tahun-tahun terdahulu dan mendatang, LPU akan terus menyumbang, bekerjasama dengan pihak berkepentingan dan berkaitan serta memberi komitmen yang tinggi dalam usaha melonjakkan UNIMAS ke arah kecemerlangan.

The year 2013 witnessed two leadership changes to the position of UNIMAS Vice-Chancellor, and thus the composition of Board of Directors. YBhg Prof Datuk Dr Khairuddin Ab Hamid ended his appointment as Vice Chancellor on March 31, 2013, and this gave way to YBhg Prof Dato' Dr Morshidi Sirat to join the LPU as the new Vice-Chancellor. However, he left the post of Vice-Chancellor on 15 April UNIMAS, 2013 for the post of Director General at the Department of Higher Education, Ministry of Education Malaysia. Meanwhile, on July 1, 2013, the LPU lost a respected member, Dato' Peter Minos, who has since resigned due to health reasons. Nonetheless, all three distinguished individuals have contributed to the pursuit of excellence through their brief and long-term involvement in UNIMAS LPU.

The appointment of YBhg Professor Dato' Dr Mohamad Kadim Suaidi as UNIMAS Vice-Chancellor on 16 April 2013 saw the appointment of new members in Board of Directors. The membership increased through the appointment of Dr Haji Mohammad Hirman Ritom Abdullah and YB Puan Hajah Sharifah Hasidah Haji Sayeed Aman Ghazali to the BOD on October 1, 2013. In a short period of time, nearing the end of 2013, the LPU received many valuable feedbacks and suggestions to promote excellence from the two new members.

Finally, as in previous years, the Board will continue to make contributions, collaborate with stakeholders, and fully commit in efforts to propel UNIMAS towards excellence.

NAIB CANCELOR

THE VICE-CHANCELLOR'S REPORT

UNIMAS telah melalui perjalanan yang penuh cabaran perubahan pengurusan dan pencapaian yang gemilang pada tahun 2013. Berkat usaha gigih, komitmen dan dedikasi semua pihak, kolaborasi mampan ini telah menyaksikan UNIMAS berjaya melangkah ke hadapan.

Berdasarkan kepada kerangka transformasi yang dirancang dan dilaksanakan dengan teliti dan tersendiri, kita telah berupaya untuk meneruskan kesinambungan pembangunan dan kecemerlangan Universiti seperti yang kita harapkan.

Tahun 2013 juga merupakan tahun yang amat signifikan dan istimewa kepada saya dengan lantikan sebagai Naib Canselor UNIMAS yang keenam pada 16 April 2013 menggantikan YBhg Dato' Prof Dr Morshidi Sirat yang telah dilantik sebagai Ketua Pengarah Pengajian Tinggi, Kementerian Pendidikan Malaysia. Dalam kesempatan ini, saya ingin mengucapkan setinggi-tinggi penghargaan dan terima kasih kepada Lembaga Pengarah Universiti, barisan pengurusan serta seluruh warga UNIMAS di atas keyakinan

UNIMAS underwent a challenging year marked by management changes and significant achievements in 2013. However, the hard work, commitment and dedication of all involved successfully created a sustainable collaboration; in turn enabling the University to make another progressive step forward. Based on a carefully planned and individually implemented transformation framework, the University's progress and excellence were also propitiously maintained.

In ensuring the University's development, 2013 has witnessed a particular emphasis given on the aspect of working synergistically and collectively as a team. This aspect was made the main focus as to warrant UNIMAS' survival and continuity. As such, at 21 years old as of December 26, 2013, UNIMAS' capability of becoming a leading university in the region is manifested when the University is ranked among the 181 to 190 best universities (out of 500) in Asia by The QS University Rankings for the year 2013. In Malaysia, it was ranked the nation's seventh best university of 2013.

On a personal note, 2013 has been a very significant and special year for me as I was appointed the sixth Vice Chancellor of UNIMAS on 16 April 2013. The appointment was to replace

yang diberi untuk saya meneruskan kepimpinan untuk mendokong amanah kecemerlangan UNIMAS.

Tahun 2013 telah menyaksikan kita telah memberikan penekanan khusus kepada kebersamaan dan sinergi berkerja dalam satu pasukan yang utuh dalam membangunkan Universiti. Aspek ini diberikan tumpuan utama bagi memastikan UNIMAS terus mengukuhkan kemandiriannya. Dengan usia yang telah mencapai genap 21 tahun pada 26 Disember 2013 yang lalu, kita telah membuktikan UNIMAS hari ini telah menjadi sebuah IPTA yang ulung di rantau ini dengan pencapaian di kedudukan 181 - 190 QS Rankings 2013 dari kalangan 500 Universiti terbaik di Asia dan Ke-7 di Malaysia.

PEMANTAPAN SISTEM PENTADBIRAN UNIVERSITI

Kelancaran perancangan dan pelaksanaan tindakan strategik UNIMAS melalui transformasi urus tadbir yang sistematik telah dilaksanakan pada tahun 2013. Penilaian semula rangka tadbir urus dan profesionalisme Universiti telah dijadikan keutamaan di mana Pengurusan UNIMAS telah mengenalpasti keperluan utama Universiti di dalam memastikan UNIMAS untuk kekal relevan dengan perubahan lanskap pengajian tinggi Negara. Pengstruktur semula struktur organisasi dan menyemak semula peranan dan fungsi jawatankuasa-jawatankuasa utama Universiti telah dilaksanakan dengan komprehensif dan telus.

Hasil dari semakan dan pengstruktur semula ini telah menyaksikan pengwujudan dan penaiktarafan PTj-PTj berkaitan serta memperkasakan fungsi jawatankuasa-jawatankuasa Universiti. Ianya termasuklah penjenamaan dan semakan semula fungsi Jawatankuasa Pengurusan kepada Jawatankuasa Eksekutif di dalam aspek pembuatan dan pelaksanaan keputusan untuk pemantapan dan pengukuhan operasi UNIMAS.

Dato 'Prof Dr Morshidi Sirat, who was handpicked to be the General Director of Higher Education for the Ministry of Education Malaysia on that same year. I would, therefore, like to take this opportunity to express my sincere appreciation and gratitude to the Board of Directors, Management team and all staff of UNIMAS for their confidence in me particularly to lead and maintain UNIMAS' growing success.

ENHANCEMENT OF THE UNIVERSITY'S ADMINISTRATION SYSTEM

In 2013, the implementation of UNIMAS strategic action through a systematic transformation of governance contributed to the smooth-running of the University. In tandem with that, a re-assessment of the University's governance framework and professionalism was given a priority. In doing so, the UNIMAS Management identified the key requirements which would ensure the University's relevance to Malaysia's dynamic and changing higher learning landscape. Additionally, the reconstruction of organizational structures and review of the role and functions of the University's main committees were also carried out in a manner which was both transparent and comprehensive.

The outcomes of the review and restructuring exercise were the establishment and upgrading of relevant CoRs. Moreover, the functions of UNIMAS committees were also enhanced with the inclusion of a reassessment and rebranding exercise on the functions of UNIMAS Management Committee into the Executive Committee. The aspects highlighted in this process were decision-making and implementation as they were both functionally crucial in strengthening and enhancing UNIMAS' overall operations.

AKADEMIK

Pada tahun 2013 juga menyaksikan UNIMAS julung kalinya telah berjaya mencapai jumlah pelajar hampir 16,000 orang yang telah dicapai dua tahun lebih awal dari sasaran asal Universiti. Momentum peningkatan enrolmen ini juga didokong oleh komitmen tinggi warga kerja UNIMAS di dalam menyediakan program akademik dan kaedah pengajaran dan pembelajaran terkini yang memenuhi kehendak pasaran semasa yang terbukti menjadi tarikan utama untuk para pelajar memilih UNIMAS sebagai IPTA pilihan. Sehingga 31 Disember 2013, UNIMAS menawarkan 41 program akademik di peringkat prasiswazah dan 37 program akademik di peringkat pascasiswazah.

Tahun lalu UNIMAS telah berjaya dianugerahkan akreditasi untuk Program Ijazah Sarjana Muda Kejuruteraan (Kepujian) Kejuruteraan Kimia dari Engineering Accreditation Council. Akreditasi program pascasiswazah juga telah berjaya diperolehi untuk pengajian peringkat Doktor Falsafah (PhD), Sarjana Sains (MSc.), Sarjana Sains Sosial (MSoc.Sci), Sarjana Sastera (MA) dan Sarjana dengan Kerja Kursus (Master by Coursework).

Majlis Konvokesyen UNIMAS Ke-17 Tahun 2013 turut mencatat tinta sejarah baharu bagi UNIMAS di mana pertama kalinya dalam sejarah Majlis Konvokesyen UNIMAS, bilangan pelajar bergraduat telah melebihi aras 2000 orang graduan dalam satu konvokesyen dengan bilangan pelajar yang telah bergraduat seramai 2345 graduan yang terdiri daripada 2129 graduan prasiswazah dan 216 graduan pascasiswazah.

ACADEMIC

The year 2013 recorded the University's success in graduating 16 000 students, an achievement obtained two years before the targeted date. This positive momentum is supported by UNIMAS highly-committed staff by providing academic programmes and methods of teaching and learning that are contemporary and relevant. In fact, these are so relevant to the current market needs that UNIMAS has become the public university of choice for many students. It must be highlighted that as of 31 December 2013, UNIMAS offered 41 academic programmes for undergraduate studies and 37 postgraduate courses.

The past year also recorded the accreditation of Bachelor of Engineering (Hons) in Chemical Engineering. The award was conferred by the Engineering Accreditation Council. Several postgraduate programmes also obtained accreditation namely Doctor of Philosophy (PhD), Master of Science (MSc.) and Bachelor of Social Science (MSoc.Sci) as well as Master of Arts (MA) and Master by Coursework (Masters by Coursework).

Additionally, the recent 17th UNIMAS Convocation has marked a new milestone for the University. This is because for the first time in the history of UNIMAS Convocation, 2345 graduates graduated a single convocation ceremony. This number exceeded the 2000 graduates mark for the University with a combination of 2129 undergraduate and 216 postgraduate students. The 17th convocation also witnessed the pioneering batch of 27 students graduating with a Bachelor's Degree in Chemical Engineering from the Faculty of Engineering.

Majlis Konvokesyen Ke-17 ini juga menyaksikan kumpulan pertama seramai 27 orang graduan Program Sarjana Muda Kejuruteraan Kimia, Fakulti Kejuruteraan bergraduati.

Pencapaian akademik tahun 2013 merupakan satu penanda aras baharu bagi UNIMAS yang akan diteruskan dengan perancangan strategik berkesan Universiti.

PENYELIDIKAN & INOVASI

Dari aspek perolehan geran penyelidikan dan inovasi, tahun 2013 telah mencatat sejarah bagi UNIMAS di atas kejayaan kita untuk menarik geran penyelidikan tertinggi dengan catatan dana penyelidikan bernilai RM37,177,693.00 berbanding RM6,383,888.56 pada tahun 2012 dan RM2,278,962.11 pada tahun 2011.

Penyelidikan UNIMAS telah berjaya menarik pembiayaan amat memberangsangkan pada tahun 2013. Di antara kejayaan kolaborasi penyelidikan UNIMAS yang berjaya menarik pembiayaan dana tertinggi pada tahun 2013 ialah :

- i. Penyelidikan bersama kelestarian alam sekitar dalam pembangunan kuasa hidro Sarawak Energy Berhad bersama Institut Kepelbagaian Biologi dan Pemuliharaan Alam Sekitar (IBEC) yang berjaya menarik dana mencecah RM5.97 juta.
- ii. Dana penyelidikan dari Jabatan Kemajuan Orang Asli Malaysia untuk projek Telecentre Programme Among Orang Asli West Malaysia dengan kolaborasi bersama Institut Informatik Sosial dan Inovasi Teknologi dan Fakulti Sains Sosial berjumlah RM4.99 juta.

In short, the academic accomplishments in 2013 have created a new benchmark for UNIMAS as a forward-looking institute of higher learning. This stature will be maintained and continued with the effective strategic planning on the University's part.

RESEARCH AND INNOVATION

The year 2013 also witnessed a historic accomplishment in the aspect of research and innovation grant procurements. Specifically, UNIMAS successfully obtained research grants amounting to RM37,177,693.00 in 2013. This amount is the highest amount the University has ever received in terms of research particularly when compared to RM6,383,888.56 in 2012 and RM2,278,962.11 in 2011.

The success of attracting research grants was encouraged by UNIMAS' collaborative research projects. Among the collaborative projects which drew the highest funding in 2013 are:

- i. *Collaborative research on 'Environmental Sustainability in Developing Sarawak Energy Berhad's Hydropower' with the Institute of Biodiversity and Environmental Conservation (IBEC). This research has been awarded RM5.97 million.*
- ii. *Collaborative project on 'Tele-center Programme for The Aborigines in West Malaysia' between the Institute of Social Informatics and Technological Innovation and The Faculty of Social Sciences, UNIMAS. This research received RM4.99 million from the Department of Aboriginal Development, Malaysia.*

Saya ingin merakamkan setinggi-tinggi penghargaan kepada penyelidik-penyelidik UNIMAS atas kejayaan mendapatkan jumlah geran penyelidikan yang dijelmakan menerusi jumlah pendanaan pada tahun 2013.

Kejayaan yang sangat signifikan ini membuktikan keyakinan pihak pembiaya geran kepada kualiti produk penyelidikan dan inovasi UNIMAS. Kepercayaan ini amat penting di dalam menjadikan UNIMAS untuk terus kekal dirujuk dan dihormati terutamanya di dalam bidang tujahan yang telah dikenalpasti.

Tahun 2013 juga merupakan tahun cemerlang bagi penyelidikan UNIMAS. Ini terbukti dengan UNIMAS telah menempa kecemerlangan dalam 3 pameran penyelidikan yang disertai pada sepanjang tahun tersebut. Antaranya ialah :-

- i. *International Exposition of Research and Invention of Institutions of Higher Learning (PECIPTA) 2013* - satu Special Award from Qatar, satu pingat emas, 7 pingat perak dan 7 pingat gangsa.
- ii. *Seoul International Invention Fair (SIIF) 2013* - 2 pingat emas, 1 pingat perak dan 4 pingat gangsa
- iii. *International Trade Fair Ideas-Inventions New Products (iENA) 2013* di Germany - 2 pingat emas dan 2 pingat gangsa

Hasil dari kecemerlangan penyertaan pameran-pameran ini, UNIMAS telah mengenalpasti beberapa produk hasil dari penyelidikan dan inovasi penyelidik UNIMAS yang berpotensi dan mempunyai kredibiliti besar untuk diterjemahkan kepada sumbangan intelektual untuk masyarakat dan industri.

I would like to express my utmost appreciation to UNIMAS researchers for securing a sizeable amount of research fund for the year 2013. This significant success also proves the confidence of grant benefactors in the quality of UNIMAS' innovation, research outcomes and products. The confidence and trust in UNIMAS are very crucial to warrant its position as a respected and relevant reference especially in its identified niche areas.

Additionally, 2013 has also been a fruitful year for UNIMAS research activities. The success is evident by the awards received through its participation in three major exhibitions. The exhibitions and awards are:

- i. *International Exposition of Research and Invention of Institutions of Higher Learning (PECIPTA) 2013* –one gold, seven silver and seven bronze medals as well as one special award from Qatar.
- ii. *Seoul International Invention Fair (SIIF) 2013* – two gold, one silver and four bronze medals.
- iii. *International Trade Fair Ideas-Inventions New Products (iENA) 2013* in Germany –two gold and two bronze medals.

The University's success in the above mentioned exhibitions has also enabled UNIMAS to identify several of the research and innovation products which have the potential to contribute intellectually to the society and industry.

Di arena penyelidikan global, penyelidik UNIMAS dari Institut Kesihatan dan Perubatan Komuniti (IKPK) telah berjaya menggegarkan pentas ilmiah menerusi penemuan Virus Denggi V5 yang baharu dan diiktiraf oleh pakar-pakar Denggi antarabangsa di 3rd International Conference on Dengue and Haemorrhagic Dengue Fever 2013, Bangkok, Thailand.

Dengan penglibatan secara terus kepada perancangan pembangunan Sarawak Corridor of Renewable Energy (SCORE), UNIMAS merupakan pemain utama di dalam aktiviti-aktiviti penyelidikan berkaitan sumber asli dan tenaga boleh diperbaharui.

Perancangan pembangunan Pusat Penyelidikan UNIMAS di Mukah akan memperhebat dan memartabatkan bidang penyelidikan UNIMAS berkaitan dengan keperluan pembangunan SCORE. Fokus kepada penyelidikan berasaskan sumber asli dan sumber tenaga boleh diperbaharui ini akan mampu meningkatkan sumbangan jaringan kepada masyarakat dan industri dalam aspirasi kita untuk menjadi penyumbang utama dalam pembangunan perancangan Negeri Sarawak.

In the arena of global research, UNIMAS researchers from the Institute of Health and Community Medicine (IKPK) have made a ground-breaking scientific discovery of the new V5 Dengue Virus. This achievement is acknowledged by the international Dengue experts in the 3013 3rd International Conference on Dengue and Haemorrhagic Dengue Fever held in Bangkok, Thailand.

Besides that, UNIMAS is also a major player in research activities related to natural resources and renewable energy. This is made possible with the University's direct involvement in the planning and development of Sarawak Corridor of Renewable Energy (SCORE). The development of a UNIMAS Research Center in Mukah, Sarawak is also in the planning. This development would intensify and elevate all research related to the developmental needs of SCORE. The research focus which is oriented on the natural resources and renewable energy sources would increase UNIMAS' contributions to the community and industry. This goal is also in alignment with UNIMAS' aspiration to become a major contributor to Sarawak state's planning and development agenda.

“UNIMAS IS ALSO A MAJOR PLAYER IN RESEARCH ACTIVITIES RELATED TO NATURAL RESOURCES AND RENEWABLE ENERGY. THIS IS MADE POSSIBLE WITH THE UNIVERSITY'S DIRECT INVOLVEMENT IN THE PLANNING AND DEVELOPMENT OF SARAWAK CORRIDOR OF RENEWABLE ENERGY (SCORE).”

“DENGAN PENGLIBATAN SECARA TERUS KEPADA PERANCANGAN PEMBANGUNAN SARAWAK CORRIDOR OF RENEWABLE ENERGY (SCORE), UNIMAS MERUPAKAN PEMAIN UTAMA DI DALAM AKTIVITI-AKTIVITI PENYELIDIKAN BERKAITAN SUMBER ASLI DAN TENAGA BOLEH DIPERBAHARUI.”

KELESTARIAN KEWANGAN

Cabaran hari ini menuntut IPTA untuk menjadi lebih kreatif dan bijak dalam menguruskan dana dan peruntukan kewangan. Ianya perlu dilakukan dengan mengamalkan budaya perbelanjaan berhemah dan menjimatkan kos tanpa memberikan implikasi kepada kualiti dan produktiviti IPTA sebagai sebuah IPTA ulung di rantau ini.

Dari aspek penjaan pendapatan, UNIMAS telah berjaya meningkatkan penjaan pendapatan pada tahun 2013 dengan penjaan pendapatan Universiti mencatat peningkatan 9% iaitu RM45.5 juta berbanding RM41.7 juta pada tahun 2012.

Pada tahun 2013 kita telah berjaya mengurangkan kos pelajar daripada RM22,492.00 per pelajar pada tahun 2012 kepada RM RM21,161.00 dengan pengurangan sebanyak 6%. Untuk tahun 2014, adalah dijangkakan universiti akan mampu mengurangkan kos pelajar kepada RM19,500.00 per pelajar.

Peranan dan fungsi UNIMAS Holdings Sdn Bhd (UHSB), anak syarikat milik penuh Universiti telah diperkemas pada tahun 2013. Bagi tahun kewangan yang berakhir pada Disember 2013, UNIMAS Holdings Sdn Bhd (UHSB) yang merupakan anak syarikat milik penuh UNIMAS telah mencatat pertumbuhan yang mengalakkan walaupun operasi UNIMAS Medic Sdn Bhd (UMSB) dan UNIMAS Technologies Sdn Bhd (UTSB) terpaksa diberhentikan. Dari aspek keuntungan, UHSB telah mencatat keuntungan sebelum cukai sebanyak RM1,304,039 berbanding dengan tahun 2012 sebanyak RM289,620 dan RM224,781 pada tahun 2011.

Dari segi pelaburan, UHSB terus meneruskan pelaburan amanah sahamnya dengan beberapa syarikat kewangan sebagai langkah untuk meningkatkan pendapatan. Sesuai dengan

FINANCIAL SUSTAINABILITY

The challenges of today's world demand public universities to be smarter and more creative in managing funds and financial provisions. One of the ways of achieving the aforesaid steps is by adopting a cost effective and prudent spending culture. However, the quality and productivity of the University as a premier university in the region should not be compromised and implicated in the process.

In light of the above, with regard to generating revenue, UNIMAS has managed to increase the University's income by 9% in 2013; which is translated into RM 45.5 million. In 2012, UNIMAS internal revenue was comparatively lower with RM41.7 million. The University was also able to reduce the cost of handling students from RM22,492 per student in 2012 to RM RM21,161 in 2013. The percentage of reduction is 6%. For the year 2014, it is expected that UNIMAS would be able to reduce the cost to RM19,500 per student.

The roles and functions of UNIMAS Holdings Sdn Bhd (UHSB) as a wholly-owned subsidiary of UNIMAS have also been improved in 2013. In this light, for the financial year of 2013 which ended in December 2013, UHSB recorded an impressive growth of garnering RM1,304,039 in before-tax profit. This is a significant leap in profit amount as in the year of 2012 and 2011, the company managed to earn only RM289,620 and RM224,781 respectively. It must be highlighted that this positive development took place despite halting the operations of UNIMAS Medic Sdn Bhd (UMSB) and UNIMAS Technologies Sdn Bhd (UTSB).

In terms of investment, UHSB continued to invest the company's shares with a few financial institutions in effort to increase revenue in 2013. Enhanced by UHSB's encouraging performance, the company has declared a dividend of RM 750,000; RM450,00.00 in the form of dividends and

prestasi syarikat yang memberansangkan, maka UHSB telah mengistiharkan dividen sebanyak RM750,000 kepada UNIMAS di mana RM450,00.00 dalam bentuk dividen dan RM300,00.00 dalam bentuk sumbangan geran penyelidikan kepada penyelidikan UNIMAS.

Berdasarkan kepada perancangan strategik dan peranan yang lebih agresif, menjadikan UHSB sebagai sayap utama dalam meningkatkan penajaan pendapatan Universiti pada masa akan datang selain dari Unit Penajaan Pendapatan.

Dengan peruntukan yang terhad, penajaan pendapatan merupakan salah satu keutamaan Universiti berdasarkan kepada Pelan Strategik UNIMAS 2015 dalam meningkatkan kelestarian kewangan di samping pengurusan sumber yang cekap dan pengurangan kos perbelanjaan Universiti.

Untuk tahun 2013, UNIMAS telah berjaya mencapai sasaran yang telah ditetapkan dengan menjadikan pendekatan transformasi tadbir urus, akademik, sumber manusia dan kewangan ke arah penyampaian perkhidmatan yang cekap dan produk yang berkualiti akan terus menjadi agenda utama Universiti.

Dengan fokus kepada **memperkukuhkan budaya kerja dan keterlibatan** semua warga UNIMAS sebagai ejen perubahan untuk transformasi ini, 2013 telah menjadi wadah untuk merealisasikan hasrat kita menjadikan UNIMAS sebagai salah sebuah Universiti ulung dan pilihan pelajar di rantau ini.

Tanpa komitmen dan kesungguhan warga UNIMAS di dalam melaksanakan tanggungjawab yang diamanahkan dengan tekun, ikhlas dan dedikasi, tentunya UNIMAS tidak akan berada di kedudukan seperti yang kita dapat lihat pada hari ini.

RM300,000.00 in the form of research grants to UNIMAS.

As such, equipped with a strategic planning and a more aggressive role, UHSB is going to be made a primary player to increase the University's revenue in the future alongside the Income Generation Unit.

Given the limited allocation, income generation is definitely one of UNIMAS top priorities. This premise is made on the basis of UNIMAS 2015 Strategic Plan in improving the University's financial sustainability and resource management efficiency while at the same time reducing the costs spent by the University.

For the year 2013, UNIMAS has managed to achieve its targets by applying a transformative approach on the aspects of governance, academic, finance and human resources. As part of the University's main agenda, the aforementioned step was done to ensure efficiency in service delivery and quality in the University's products.

The focus in 2013 was on strengthening the work culture and involvement of all members of the UNIMAS community by becoming agents of change and transformation. The year also provided the UNIMAS community with a platform to realise the aspiration of making UNIMAS as one of the leading and student choice universities in this region.

However, without the commitment, enthusiasm, diligence, sincerity and dedication of UNIMAS Staff in carrying out their responsibilities, UNIMAS as a university would certainly not be able to reach the level and position it is on currently.

Dengan mengambil kira jumlah (volume) kandungan laman sesawang (jumlah muka surat dan fail laman sesawang) serta visibiliti dan impak penerbitan yang dipetik secara *site citation*, ini kemudiannya direkodkan dan akan menentukan kedudukan universiti-universiti di dunia melalui kedudukannya di alam maya. Lebih 12,000 buah universiti di dunia yang dinilai dan diindikasikan kedudukannya melalui penilaian aspek ini. Penarafan kedudukan universiti-universiti sedunia ini dikeluarkan oleh Cybermetrics Lab iaitu satu kumpulan penyelidik yang dikenali sebagai Spanish National Research Council (CSIC) yang berpangkalan di Madrid, Sepanyol. Pada awal Januari 2014, keputusan penarafan UNIMAS untuk tahun 2013 menunjukkan anjakan kedudukan yang amat memberangsangkan. Dari segi pembangunan skop E-Pembelajaran UNIMAS, universiti terus mempamerkan impak dan peningkatan prestasi, seiring dengan peningkatan jumlah pelajar kepada lebih 12 ribu pada sesi 2012/2013. Sistem E-Pembelajaran UNIMAS yang digelar Morpheus, berjaya mencatatkan penggunaan yang tertinggi semenjak ia mula diperkenalkan pada tahun 2006.

Secara puratanya, 69.2% jumlah kursus yang ditawarkan sepanjang tahun 2013, telah dilengkapi dengan pelbagai jenis aktiviti pembelajaran atas talian. Menerusi program latihan yang diselaraskan oleh unit ini, pelbagai teknologi dan alatan E-Pembelajaran yang bersifat kolaboratif dan komunikatif menerusi media sosial telah diperkenalkan dan seterusnya diserapkan oleh staf akademik di dalam kursus dalam talian masing-masing. Usaha ini secara tidak langsung mewujudkan persekitaran P&P yang lebih kondusif dan berkesan di samping mesra-guna dan memastikan sebarang informasi disalurkan dengan pantas dan tepat.

Academic Development

In 2013, UNIMAS, through CALM, had successfully secured allocations to revamp the Management and Scheduling for Teaching and Learning Spaces System. The system is expected to facilitate the allocation of space and placement of lectures and exams for all faculties and colleges. It is due for completion in March 2014 and will be used entirely for Semester 1, 2014/2015.

In terms of the development of E-Learning in UNIMAS, the university continued to demonstrate impact and improvement in performance, in line with the increasing number of students to over 12,000 in session 2012/2013. The UNIMAS E-Learning system known as Morpheus, achieved the highest number of traffic since it was first introduced in 2006.

On average, 69.2% of the courses offered during 2013, was equipped with various types of online learning activities. Through training programmes coordinated by this unit, various collaborative and communicative E-Learning technologies and tools used via the social media were introduced and subsequently adopted by academic staff for their respective online courses. This helped to create a more conducive, effective and user-friendly environment and ensure that information is transmitted quickly and accurately.

Berdasarkan kepada *Critical Agenda Project* (CAPs) untuk E-Pembelajaran pula, UNIMAS telah memenuhi KPI ini (*peraturan kurikulum kursus IPTA dalam Mod Blended Learning*) iaitu melebihi sasaran yang diletakkan sebanyak 50% kursus. Sistem E-Pembelajaran Morpheus juga berjaya menampung penggunaan oleh lebih 70% daripada staf akademik dan hampir keseluruhan daripada pelajar yang berdaftar di UNIMAS.

Infrastruktur Sistem E-Pelajaran Morpheus juga telah dinaiktaraf menerusi kerjasama dengan Unit Pengurusan Pusat Data, Bahagian Infrastruktur dan Sokongan Pengguna (UPPD, BISP), PKTMK. Melalui kerjasama ini juga, UPPD, BISP secara rasminya mengambil alih peranan mentadbir urus aspek teknikal (server, pangkalan data) manakala Unit E-Pembelajaran pula bertanggungjawab sepenuhnya ke atas pengurusan aplikasi dan pengguna. Sistem E-Pembelajaran Morpheus turut diperkenalkan secara rasmi kepada pelajar baru menerusi slot bersama PPGM ketika Majlis Aluan Pelajar sesi 2013/2014. Menerusi sesi 20 minit tersebut, pelajar didedahkan kepada penggunaan asas sistem dan masing-masing dibekalkan dengan sekeping penanda buku.

Sementara itu, empat (4) buletin berkaitan pembangunan akademik diterbitkan oleh Unit Penerbitan Digital (UPD) di Pusat Pembelajaran Gunaan dan Multimedia. Majalah yang dinamakan *INSIGHT* telah diterbitkan sebagai Volume 19, 20, 21 dan 22 bertemakan *Inclusive Teaching, Fostering Innovation and Leadership in Teaching, Evaluating Teaching* dan *Open Educational Resources-What, Where and How*. Buletin-buletin ini boleh diperolehi secara atas talian terus melalui laman sesawang: www.calm.unimas.my/insite

Based on the Critical Agenda Project (CAPs), UNIMAS has met the KPI (the percentage of university curriculum in Blended Learning Mode) for E-Learning, exceeding the target set for 50% of the courses. The Morpheus E-Learning System also managed to accommodate the usage by more than 70% of academic staff and almost all students enrolled in UNIMAS.

The Morpheus E-Learning System Infrastructure was also upgraded through a collaboration with the Data Center Management Unit, Infrastructure and User Support Division (UPPD, BISP), CICTS. Through this joint effort, UPPD, BISP has officially taken over the role of governing technical aspects (server, database) of the system while the E-Learning Unit is responsible for managing applications and users. The system was officially introduced to new students during a session with CALM at Majlis Aluan Pelajar session 2013/2014. In the 20-minute session, students were exposed to the basic uses of the system and give a bookmark each.

Meanwhile, four bulletins on academic development were published by the Digital Publishing Unit (UPD) at the Center for Applied Learning and Multimedia. INSIGHT was published as Volume 19, 20, 21 and 22 with the theme Inclusive Teaching, Fostering Innovation and Leadership in Teaching, and Teaching and Evaluating Open Educational Resources-What, Where and How. This newsletter is available on-line via the website: www.calm.unimas.my/insite.

BAHAGIAN JAMINAN KUALITI / PUSAT PERANCANGAN STRATEGIK DAN KUALITI

Bahagian Jaminan Kualiti, yang telah dinaik taraf kepada Pusat Perancangan Strategik dan Kualiti (PSK), berperanan untuk melaksanakan dan mengukuhkan transformasi Universiti melalui empat skop utama iaitu Perancangan Strategi dan Pelaksanaan Key Performance Indicator (KPI), Pembudayaan dan Inspektorat Kualiti, Pengukuhan dan Pemerkasaan Proses Dalaman dan Pematuhan Teknologi Maklumat Dan Komunikasi (ICT).

Dari segi pengajaran dan pembelajaran (P&P), PSK merupakan antara bahagian yang dipertanggungjawabkan untuk memastikan program yang ditawarkan di UNIMAS memenuhi standard piawaian yang ditetapkan.

Untuk itu, sekumpulan auditor dalaman berperanan memantau dan memastikan program pascasiswazah menepati piawaian yang ditetapkan oleh *Malaysian Quality Assurance (MQA)* dan juga Kementerian Pengajian Tinggi (KPT) ketika itu dan Jabatan Perkhidmatan Awam (JPA). Antara peranan auditor dalaman termasuklah melaksanakan pemantauan dan pengemaskinian terhadap semua program pascasiswazah.

Untuk memastikan urusan ini berjalan lancar, tenaga akademik UNIMAS diberi pendedahan tentang penulisan standard program pascasiswazah. Untuk tujuan ini, beberapa personel berkepakaran dan berpengalaman luas dijemput untuk memberi taklimat sebagai pemudah cara dan untuk memberi pendedahan kepada tenaga akademik UNIMAS.

Hasilnya, usaha penyemakan serta penyuntingan dokumen pascasiswazah, projek COPIA-2, semakan dokumen standard bagi program Sarjana Sains, Sarjana Sastera dan Doktor Falsafah telah berjaya dilaksanakan sepanjang tahun 2013.

Untuk melakukan penandaan aras terhadap program sedia ada, PSK juga mengadakan seminar tentang penanda aras ini, Seminar *Academic Program Benchmarking Index: Best Practice Sharing with Community of Practitioners*. Turut diadakan ialah perbincangan penggubalan soalan skala Likert untuk tujuan memenuhi standard piawaian ini. Beberapa siri perbincangan, mesyuarat dan seminar turut diadakan sepanjang tahun 2013 untuk menjamin kualiti program yang ditawarkan di UNIMAS.

QUALITY ASSURANCE DIVISION/ CENTRE FOR STRATEGIC PLANNING AND QUALITY MANAGEMENT

The Quality Assurance Division, which was upgraded to the Centre for Strategic Planning and Quality (PSK), is serves to implement and strengthen the University's transformation through four major aspects namely Strategy Planning and Implementation of Key Performance Indicator (KPI), Quality Acculturation and Inspection, Strengthening and Empowerment of Internal Processes and Compliance of Information and Communication Technology (ICT).

In terms of teaching and learning (T & L), PSK are among the departments responsible to ensure that programmes offered by UNIMAS meet the required standards.

To that end, a group of internal auditors is responsible for overseeing and ensuring that graduate programmess meet the standards set by the Malaysian Quality Assurance (MQA), the Ministry of Higher Education (MOHE) at the time and the Public Services Department (PSD). The roles of internal auditors include monitoring and updating all graduate programmes.

To ensure the smooth-running of the process, UNIMAS academics are given exposure to the standards of writing for graduate programmes. Consequently, a number of skilled and experienced personnel were invited to give talks and exposure to the academic staff members of UNIMAS.

As a result, joint postgraduate document (COPIA-2 project) review and editing were done for Bachelor of Science, Master of Arts and Doctor of Philosophy. The write-up was completed in 2013.

In order to perform benchmarking against existing programmes, PSK also conducted seminars on these benchmarks. One of them is the Academic Program Benchmarking Index: Best Practice Sharing with Community of Specialists seminar. Discussions were held on the formulation of Likert scale questions for the purpose of meeting these standards. Additionally, a series of discussions, meetings and seminars were held throughout 2013 to ensure the high quality of programmes offered at UNIMAS.

PSK juga bertindak sebagai pemilik sistem UNIMAS CSO (Customer Satisfaction Online) yang digunakan oleh pelajar untuk menyampaikan penghargaan, pertanyaan, cadangan dan permasalahan. Satu laporan UNIMAS CSO telah berjaya dikeluarkan pada Sem 2, 2012/2013.

Sepanjang tahun 2013, untuk 18 buah projek strategik yang telah berjaya ditamatkan, antaranya yang berkaitan dengan P&P seperti Pensijilan ISMS, Penanda Aras Institusi (*Institute Benchmarking*), Q-reservis, Penanda Aras Akademik (*Academic Benchmarking*) dan Akreditasi Program Pascasiswazah.

PSK bertindak sebagai sekretariat kepada pelaksanaan strategi UNIMAS. Pada bulan Mac 2013, *Faculty Scorecard* telah berjaya diedarkan kepada Dekan-Dekan fakulti. *Faculty Scorecard* ini menunjukkan pencapaian *Key Performance Indicator* (KPI) fakulti masing-masing untuk projek UNIMAS BSC (*Balance Scorecard*). Tahun 2013 juga melibatkan penggubalan strategi PTJ bagi kitaran 2013-2014. Sebanyak 20 PTJ telah menghantar komitmen masing-masing ke dalam sistem pemantauan *PerforMS*.

PSK also acts as the system owner of UNIMAS CSO (Customer Satisfaction Online) system used by students to express questions, suggestions, problems and appreciation. One CSO UNIMAS report was issued in Semester 2, 2012/2013.

Throughout 2013, 18 strategic projects were successfully completed. Some of which that were related to T & L are ISMS Certification, Institute Benchmarking, Q-reservis, Academic Benchmarking and Postgraduate Programme Accreditation.

*PSK acts as the secretariat for the implementation of the UNIMAS strategy. In March 2013, the Faculty Score card was successfully distributed to faculty Deans. These scoreboards showed the Key Performance Indicator (KPI) achievements of each faculty for UNIMAS BSC (Balance Scorecard) project. The year also witnessed the CoR formulation of strategies for the 2013-2014 cycles. A total of 20 faculties managed to input their commitments into the *PerforMS* monitoring system.*

PENGURUSAN HARTA INTELEK (IP)

Pengurusan IP adalah dilakukan atas usaha bersama Pusat Pemindahan Teknologi dan Perundingan (CTTC) dan UNIMAS Holdings Sdn Bhd (UHSB) dalam pengurusan perundingan bermula dari proses bidaan sehingga kontrak dimeterai. Usaha kedua-dua entiti ini pada tahun 2013 telah menyumbang kepada penambahan bilangan perundingan yang berdaftar dan meluaskan lagi kompetensi bidang kepakaran Universiti yang ditawarkan kepada klien.

Prestasi pada tahun 2013 juga amat positif dalam urusan pendaftaran perkhidmatan perundingan, pengurusan perlindungan dan pengkomersilan harta intelek, penganjuran kursus pendek berorientasikan pembelajaran sepanjang hayat serta program pemindahan ilmu dan teknologi dengan catatan keseluruhan nilai projek RM11.7 juta. Rekod 2013 juga menunjukkan daripada jumlah ini, 7 projek berdaftar dikenalpasti sebagai projek berskala besar dengan nilai melebihi RM100,000.

Selain itu, CTTC juga berperanan sebagai urusetia pengendalian permohonan projek-projek *Knowledge Transfer Programme* (KTP) seperti projek *Developing an Intergenerational Indigenous-Knowledge Management Systems for the Singai's Bidayus, Sarawak* yang diketuai oleh Dr Eaquerzilla Phang (FSKTM) telah berjaya terpilih untuk mendapat kelulusan peruntukan sebanyak RM50,225 di bawah Skim Geran Pelan "Rolling" Ketiga pada tahun 2013. Malahan,

Bagi mendukung peranan mentadbir urus perlindungan IP di UNIMAS, CTTC dengan kerjasama Pusat Pengurusan Penyelidikan dan Inovasi (PPPI), UNIMAS telah mengambil pendekatan yang lebih efektif dalam mengenalpasti produk penyelidikan Universiti yang berpotensi untuk diproses. Kerjasama ini telah memberi impak yang ketara apabila sejumlah 46 permohonan baru telah dimajukan kepada pihak agen paten serta MyIPO untuk melalui proses saringan *novelty search*.

Pada tahun 2013, sejumlah 8 produk telah berjaya difailkan dan satu mendapat pendaftaran penuh. Selain daripada itu, satu difailkan di bawah perlindungan rekabentuk industri dan 11 di bawah Hak Cipta.

UNIMAS prihatin akan keperluan untuk membina perwatakan yang dihormati dan disegani dalam kalangan pelajar demi penjaan graduan cemerlang yang akan menyumbang kepada pembangunan nusa dan bangsa pada hari muka. Atas kesedaran ini, Universiti memberi mandat kepada BHEPA, di bawah portfolio Timbalan Naib Canselor (Hal Ehwal Pelajar dan Alumni), untuk menumpukan kepada aspek pembangunan sahsiah pelajar dan melahirkan graduan yang berketrampilan, berilmu pengetahuan dan berdaya saing dalam pasaran kerja selain untuk melahirkan mahasiswa yang bersifat holistik dan pemimpin yang versatile pada masa hadapan. Ini dicapai melalui pelaksanaan pelbagai aktiviti serta penawaran modul kemahiran insaniah, kerohanian dan juga pembudayaan keusahawanan dalam kalangan para pelajar.

Terdapat dua pusat utama yang menjalankan amanah merancang, melaksana dan memantau aktiviti yang melibatkan hal ehwal pelajar dan alumni, iaitu Pusat Khidmat Pelajar (PKP) dan Pusat Pemajuan Pelajar (PPP). PPP menjurus kepada pembangunan pelajar daripada segi sokongan akademik manakala PKP memfokus kepada aktiviti ko-kurikulum.

Setelah melalui proses penstrukturan semula, PKP mempunyai sembilan unit yang berfungsi untuk menyokong pentadbiran hal ehwal pelajar dan alumni di UNIMAS iaitu;

PKP memfokus kepada usaha dan inisiatif ke arah penglibatan pelajar dalam aktiviti ko-kurikulum. Untuk tahun 2013, PKP telah menyenaraikan sebanyak 141 aktiviti utama yang telah dijalankan. Peruntukan untuk aktiviti pelajar lazimnya adalah menerusi dana aktiviti pelajar, kutipan ahli ataupun daripada tajaan dan sumbangan luar. Aktiviti-aktiviti ini terbahagi kepada beberapa subteras seperti khidmat masyarakat, perpaduan sejagat, kebudayaan dan kesenian, kebajikan, sukan dan rekreasi, kemahiran dan sebagainya.

UNIMAS acknowledges the need to build reputable character in its students to produce outstanding graduates who will contribute to nation-building in the future.

UNIMAS acknowledges the need to build reputable character in its students to produce outstanding graduates who will contribute to nation-building in the future. With this in mind, the University has mandated BHEPA, within the portfolio of the Deputy Vice-Chancellor (Student Affairs and Alumni), to focus on aspects of personality development in students and produce graduates who are competent, knowledgeable and competitive in the job market. Pemantapan Penyampaian Maklumat Melalui Pustakawan Penghubung Fakulti

Usaha bagi memastikan sistem penyampaian maklumat kepada pengguna terus digembeng agar dapat memberi impak kepada seluruh warga UNIMAS. Usaha ini telah dijalankan melalui perkhidmatan Pustakawan Penghubung Fakulti. Pustakawan Penghubung Fakulti ini akan bertanggungjawab menyediakan pakej maklumat yang berkaitan fakulti masing-masing termasuk mengenal pasti bahan-bahan keperluan fakulti, melaksanakan Literasi Maklumat serta mewar-warkan sumber berkaitan.

Enhancing Information Delivery through Faculty Liaison Librarian

Efforts were made to ensure the information delivery system to users is expanded to include and benefit the whole of UNIMAS. This effort was made through the Faculty Liaison Librarian service. The Faculty Liaison Librarian is responsible for providing the relevant information package from the faculty by identifying the faculty's resource needs, promoting Information Literacy and publicizing resources.

Media Sosial

Seiring dengan arus ledakan media sosial dalam komunikasi, penggunaan Facebook, Twitter, YouTube, Blog, Instagram dan lain-lain bagi memperkasakan sistem penyampaian maklumat turut diterapkan bagi memastikan komuniti UNIMAS serta masyarakat luar terus dapat berinteraksi dengan Universiti tanpa batasan. Penggunaan media sosial sebegini sudah pasti dapat meningkatkan saluran komunikasi Universiti dengan pengguna selain media sosial konvensional lain seperti laman sesawang dan emel.

Social Media

In line with the current social media boom in communications, the use of Facebook, Twitter, YouTube, Blog, Instagram and others has helped to strengthen information delivery system. This is to ensure that the communities within and outside UNIMAS can continue to interact with the University without restrictions. The use of these social media can indubitably enhance the University's communication channel with users on top of the use of conventional social media such as websites and email.

Repositori Institusi (IR)

UNIMAS IR merupakan platform kepada inisiatif jaminan khazanah Universiti terus terurus dan terpelihara. Hal ini juga akan meningkatkan visibiliti pengarang dan penyelidik sekali gus penarafan Universiti. Ini selaras dengan hasrat teras PSPTN untuk memperluaskan pengaksesan dan perkongsian ilmu, pembelajaran sepanjang hayat dan pembangunan modal insan. Pada pertengahan 2013, dengan sokongan teknikal Pusat Khidmat Teknologi Maklumat dan Komunikasi (PKTMK), perisian sumber terbuka ePrints telah dikaji bagi memantapkan UNIMAS IR kerana didapati dengan ePrints, pengindeksan oleh Google Scholar lebih mudah dilakukan. Setakat 2013, jumlah koleksi repositori telah meningkat kepada 4833 item, dengan khazanah Universiti yang disimpan antaranya adalah seperti berikut:

- Tesis dan Disertasi Pelajar
- Laporan Projek Tahun Akhir Pelajar
- Kertas Seminar/Persidangan/Konferens/Buku
- Kertas Penyelidikan F/P/I/B
- Keratan Akhbar

Fungsi utama UNIMAS IR adalah;

- Menyediakan akses terbuka kepada hasil kajian institusi dengan memuat naik sendiri bahan-bahan seperti artikel oleh pengarang/penyelidik.
- Menyimpan dan memelihara aset khazanah ilmu digital institusi, hasil kerja termasuk tesis atau laporan yang tidak diterbitkan atau mudah hilang.
- Mengumpul seluruh kandungan hasil kajian dalam satu lokasi.
- Meningkatkan visibiliti pengarang dan penyelidik bagi meningkatkan petikan.
- Meningkatkan visibiliti UNIMAS terutama dalam penarafan Universiti melalui webometrics.

Capaian kepada Sumber Maklumat Elektronik

Sehingga tahun 2013, lebih daripada 25 sumber elektronik yang meliputi pelbagai bidang bagi memenuhi keperluan sumber ilmu dalam menyokong pengajaran, pembelajaran dan penyelidikan di Universiti telah dilanggan. Pengguna berupaya mengakses maklumat 24 jam tanpa batasan masa melalui perisian pelayan EzyProxy secara jarak jauh tanpa perlu ke PKMA.

Institutional Repository (IR)

UNIMAS IR is a platform for assuring that the University's repositories to be continuously managed and protected. It will also increase the visibility of authors and researchers and simultaneously the University's ranking. This is in line with the core PSPTN to expand the access and sharing of knowledge, lifelong learning and human capital development. In mid-2013, with technical support from the Centre of Information and Communication Technology Service (CICTS), the ePrints open source software was reviewed to enhance UNIMAS IR because the use of ePrints assists the indexing done by Google Scholar. As of 2013, the total collection of repositories has grown to 4833 items. Amongst those stored are:

- Student Thesis and Dissertation
- Student Final Year Project Reports
- Seminar /Conference papers/ books
- F/C/ I/D Research Paper
- Newspaper Excerpts

The main function of UNIMAS IR;

- Provide open access to research institutions with ability to upload author/researchers' own materials
- Keep and maintain digital assets of knowledge institutions, including theses or reports yet to be published or which are easily lost
- Collect entire contents of research findings in one location
- Increase the visibility of authors and researchers to improve citations
- increase the visibility of UNIMAS especially in Webometrics ranking

Access to Electronic Information Resources

Pembangunan Modal Insan

Pengurusan sumber manusia yang cemerlang dan berkesan begitu penting bagi melahirkan modal insan yang berkualiti, berbudaya saing dan berpengetahuan. Hal ini adalah memerlukan perancangan yang strategik menerusi latihan yang berterusan dan teliti. Dengan kerjasama Unit Pembangunan Modal Insan, beberapa siri penganjuran kursus-kursus dalaman untuk memenuhi keperluan kursus fungsional selain menghantar kakitangan menghadiri kursus, seminar, bengkel yang berkaitan bagi menambah ilmu pengetahuan dan kemahiran bagi meningkatkan kompetensi kakitangan terus diadakan. Sesi perkongsian ilmu juga turut dijayakan bagi warga Universiti berkongsi maklumat dan ilmu yang diperoleh semasa menghadiri kursus, seminar, bengkel, lawatan dan ceramah bagi melestarikan pembelajaran sepanjang hayat.

Seminar Kepustakawanan

Seiring dengan persekitaran semasa dalam aspek ekonomi, teknologi dan sosial, para pustakawan/pengurus maklumat perlu merekayasa peranan ke arah memasyarakat dan membudayakan ilmu. Evolusi perkhidmatan perpustakaan perlu dilaksanakan bagi memastikan perpustakaan terus relevan, dirujuk dan dihormati. Seperti tahun-tahun sebelumnya, Seminar Kepustakawanan 2013 dengan tema Transformasi Perpustakaan ke arah Pembudayaan Ilmu telah dijalankan pada 26 dan 27 September 2013 bertempat di Auditorium PKMA. Sebanyak 13 kertas kerja termasuk ucpatama telah dibentangkan. Seminar ini telah berjaya mengumpul 73 kumpulan profesional kepustakawanan yang terdiri daripada Ketua-Ketua Pustakawan, Pustakawan, Pengurus Maklumat, Penolong Pegawai Perpustakaan, Pembantu Perpustakaan, ahli akademik dan pelajar jurusan Pengurusan Maklumat dari seluruh Sarawak khususnya, Malaysia dan serantau amnya.

Human Capital Development

Excellent and effective human resource management is important to produce competitive, knowledgeable and quality human capital. Consequently, strategic planning is done through continuous and rigorous trainings. In collaboration with the Human Capital Development Unit, a series of in-house courses for UNIMAS staff were conducted to meet the University's functional course requirements. The staff also participated in relevant courses, seminars and workshops outside the University to increase their knowledge and skills. Knowledge-sharing sessions were also made possible through such courses, seminars, workshops, tours and lectures for the enculturation of lifelong learning.

Seminar on Librarianship

In line with the current environment in aspects of economy, technology and society, librarians/information managers need to play an active role in the socialisation and acculturation of knowledge. Library services should evolve to ensure that the libraries remain relevant, consulted and respected. As previous years, the Librarianship Seminar 2013 with the theme of Library Transformation towards Acculturation Knowledge was conducted from 26 to 27 September 2013 at the CAIS Auditorium. A total of 13 papers were presented, including a keynote address. The seminar successfully brought together 73 library personnel including Chief Librarians, Librarians, Information Managers, Assistant Librarians, academics and students majoring in Information Management from across the state in particular, Malaysia and the region in general.

The aim of the seminar was to discuss and consider a paradigm shift in the roles of librarians and information managers. This is achievable through formulation of new ideas and knowledge, and promotion of smart and sustainable sharing

Seminar turut membincang dan memikirkan peranan pustakawan dan pengurus maklumat ke arah anjakan paradigma melalui percambahan idea dan ilmu baru, menggalakkan perkongsian maklumat yang pintar dan lestari dalam kalangan institusi berkaitan dalam memperkasa perpustakaan/pusat maklumat, selain menjadi wadah bagi pustakawan dan pengurus maklumat dalam merealisasikan pembudayaan pembelajaran sepanjang hayat dan khidmat serta sumbangan perpustakaan kepada masyarakat/komuniti.

Inisiatif Kualiti PKMA

Dalam memastikan budaya kerja berkualiti, beberapa inisiatif kualiti yang digarap telah memperlihatkan kejayaan dengan pengekaln Persijilan MS ISO 9001:2008 bagi tahun ketiga berturut-turut dan ini membuktikan PKMA sentiasa mengamalkan budaya kerja yang berteraskan kualiti bagi memastikan pengurusan sumber serta sistem penyampaian yang berkesan kepada pengguna. Piagam Pelanggan Pusat terus dimantapkan selari dengan hasrat Universiti untuk mengamalkan Amalan 5S.

Program Randau PKMA Bersama Fakulti dan Hari Bersama Pelanggan

Program yang bertemakan Memacu Kecemerlangan Ilmu telah diadakan pada 28 Mei 2013 di Lobi PKMA. Ini merupakan program *community engagement* tahunan melibatkan seluruh warga Universiti bagi menambahkan perkhidmatan dan kemudahan yang disediakan. Pelbagai aktiviti telah diadakan sepanjang program tersebut berlangsung seperti penyemakan dan pengemaskinian rekod pinjaman serta maklumat klien melalui Sistem Perpustakaan Millennium. Aktiviti yang dijalankan sangat mendapat sambutan pengguna kerana selain berurusan secara langsung, mereka juga boleh menyampaikan cadangan, pandangan dan komen melalui borang kepuasan pelanggan yang disediakan.

Perbincangan Kumpulan Fokus

Focus Group Discussions juga merupakan program *community engagement* dengan sesi perjumpaan bersama Majlis Perwakilan Pelajar (MPP) dan Jawatankuasa Perwakilan Kolej (JPK). Menepati salah satu matlamat program iaitu, mewujudkan perkongsian pintar dengan komuniti lain di UNIMAS, banyak input berguna telah diperolehi daripada sesi-sesi tersebut. Maklum balas yang diterima dianalisis serta diambil tindakan sewajarnya untuk penambahbaikan mutu penyampaian perkhidmatan kepada pengguna.

PENCAPAIAN DALAM PENYELIDIKAN

Sejumlah 249 penulisan dalam pelbagai kategori telah dihasilkan dari jurnal, persidangan, seminar dan bengkel.

Club Enactus UNIMAS. The reading materials are contributed by UNIMAS citizens via the CAIS Book Donation Station and it is hoped that this initiative will spur interest in reading among the public.

Through the Book Share Project, a collaborative project with the Sarawak State Library and Persatuan Pustakawan Malaysia Kumpulan Sarawak (PPMKSAR), second-hand reading materials from staff and students of UNIMAS are collected and distributed to reading corners in surrounding villages and residential areas in Sarawak. This project is ongoing and UNIMAS hopes that this contribution can encourage the sharing of knowledge among communities in Sarawak.

Faculty Walkabout and Consumer Meet-up Day

The programme themed Spearheading Knowledge Excellence was held on May 28, 2013 at CAIS Lobby. It is an annual community engagement programme involving citizens throughout the University aimed at improving the Centre's services and facilities. TEKNOLOGI MAKLUMAT & KOMUNIKASI

INFORMATION

COMMUNICATIONS TECHNOLOGY

Urusan teknologi maklumat dan komunikasi di UNIMAS diamanahkan kepada Pusat Khidmat Teknologi Maklumat dan Komunikasi (PKTMK) dan diperkasakan oleh tiga unit utama, iaitu: Bahagian Infrastruktur dan Sokongan Penggunaan, Bahagian Sistem Aplikasi, dan Bahagian Pengurusan Strategik dan Inovasi. Bagi mendukung anjakan ke arah budaya kerja bersifat inovatif dan berdaya saing,

STRATEGI VISIBILITI

Untuk meningkatkan visibiliti dalam dunia akademik, beberapa inisiatif telah dilaksanakan sepanjang tahun 2013. Antaranya adalah:

UNIMAS Street View (hasil kolaborasi dengan FSGK dan FSKTM) membolehkan masyarakat luar melakukan lawatan secara maya ke kampus menerusi laman sesawang rasmi Universiti.

UNIMAS Wiki dan pembangunan **Institutional Repository (IR)** Universiti menggunakan ePrints. PKTMK telah diamanahkan untuk membantu PKMA untuk menggunakan sumber terbuka (open source) yang tidak melibatkan sebarang kos yang tinggi, untuk membolehkan masyarakat luar memperolehi bahan rujukan mengenai UNIMAS dan maklumat berupa jurnal dan terbitan para penyelidik Universiti.

Centralised Activity Posting juga telah diwujudkan dalam Portal Rasmi UNIMAS untuk memudahkan PTj memaklumkan kepada warga UNIMAS dan masyarakat luar berkaitan aktiviti dan program anjuran UNIMAS yang bakal berlangsung sama ada di dalam dan luar kampus.

Majalah ICT UNIMAS – Tag-it yang diterbitkan sebanyak dua kali untuk tahun 2013 telah menerima banyak maklum balas positif daripada kalangan akademik, pengamal IT dan masyarakat luar. *Tag-it* telah dicetak sebanyak 1,000 naskah pada bulan April dan Oktober 2013 dan diedarkan kepada IPTA seluruh Malaysia serta kepada setiap PTj di dalam kampus. *Tag-it* merupakan langkah PKTMK untuk mewar-warkan inisiatif-inisiatif ICT UNIMAS.

The management of information and communication technology in UNIMAS is entrusted to the Centre of Information and Communication Technology Services (CICTS). The center is divided into three main units namely: Infrastructure and User Support Division, System Application, and Strategic Management and Innovation Division. In support of the move towards a more innovative and competitive work culture, the Customer Charter and CICTS' Vision and Mission were reviewed and enhanced in line with the aspirations of the University.

VISIBILITY STRATEGY

To improve visibility in academia, several initiatives were implemented in 2013. Among them are:

UNIMAS Street View (through collaboration with FSGK and FSKTM) allowing outsiders to do a virtual visit the campus via the University's official website.

UNIMAS Wiki and development of the University's Institutional Repository (IR) using ePrints. CICTS has been entrusted to assist CAIS in utilising open sources which do not involve high costs, to enable rural communities to obtain reference materials on UNIMAS and information in the form of a journals and publications by researchers at the University.

Centralised Activity Posting was created in the UNIMAS Portal to facilitate CoR in informing UNIMAS citizens and outside communities about activities and programs organised by UNIMAS on or off-campus.

UNIMAS ICT magazine - Tag-it was published twice for 2013 and received a lot of positive feedback from academics, IT practitioners and the wider community. A total of 1,000 copies were printed in April and October 2013 and distributed to universities across Malaysia as well as to each CoR on campus. *Tag-it* is a measure taken by CICTS to expose UNIMAS ICT initiatives.

Tahun 2013 menyaksikan beberapa kejayaan cemerlang yang dicapai oleh staf pusat ini. Ini adalah bukti kegigihan dan dedikasi staf dan pihak pengurusan pusat, yang sentiasa mencari strategi untuk menambah baik perkhidmatan sokongan teknikal di UNIMAS:

A significant number of successes was achieved by the staff of the Centre. This is testament to the hard work and dedication of the staff and management, who are continuously looking for strategies to improve technical support services in UNIMAS:

Khidmat ini telah mendapat sambutan yang memberangsangkan daripada warga UNIMAS dan telah memberi ransangan buat PKTMK untuk meneruskan aktiviti sebegini pada masa hadapan.

In 2013, CICTS initiated a community service by providing maintenance/repairs on privately owned computers and computer health check carried out from 2 to December 6, 2013 for all staff of the University. The service received an overwhelming response from the citizens of UNIMAS and has prompted CICTS to continue these activities in the future.

Sesi Sumbangsaran Pusat Khidmat Teknologi Maklumat dan Komunikasi (PKTMK) pada 16-17 Mac 2013 yang bertemakan CICTS Extreme Make Over telah menjadi detik kepada pencapaian cemerlang PKTMK buat tahun 2013. Ini dapat dilihat menerusi skala perubahan budaya kerja kakitangan yang lebih berdaya saing dan inovatif dalam memberi perkhidmatan di Universiti yang memberi fokus kepada pelanggan (*customer centric*) serta beberapa penganugerahan yang diterima.

The Centre for Information and Communication Technology (CICTS) Brainstorming Session themed CICTS Extreme Make Over held from 16 to 17 March 2013 was a momentuous achievement for the Centre in 2013. This can be seen through the changes in their work culture becoming more competitive and innovative in serving the University by focusing on customers (customer-centric) and receiving numerous awards.

On 25th November 2013, UNIMAS, through CICTS, hosted the Federal Agencies' ICT Coordination Meeting for Sarawak State Bil. 2/2013 which was attended by officials from several Sarawak federal departments and agencies.

SUMBER **MANUSIA**

HUMAN RESOURCE

SUMBER MANUSIA HUMAN RESOURCE

2,196

Pada tahun 2013, UNIMAS mempunyai kekuatan sumber manusia seramai 2,196 orang yang terdiri daripada kumpulan Akademik, Pengurusan dan Pelaksana serta Sokongan.

Di bawah Anggaran Belanjawan Mengurus (ABM) 2013 (Luar ABM), UNIMAS telah diluluskan sebanyak 131 jawatan baharu Pensyarah Universiti, dan 49 jawatan baharu dan kenaikan pangkat untuk kumpulan Pengurusan dan Pelaksana menjadikan jumlah perjawatan yang diluluskan sehingga 31 Disember 2013 sebanyak 2,364.

PELANTIKAN DAN KENAIKAN PANGKAT

Pada tahun 2013, UNIMAS telah mengorak langkah proaktif untuk menarik sumber manusia yang berbakat dan berkaliber melalui amalan pengambilan di dalam dan luar negara melalui sesi temuduga terbuka yang dijalankan secara intensif dari Oktober hingga Disember 2013. Sebanyak enam sesi temuduga terbuka di dalam negeri telah diadakan di Kuching, Sarawak, Kuala Lumpur dan Johor Bharu, Johor. Sambutan yang amat baik telah diterima dengan seramai 457 orang calon telah hadir. Begitu juga dengan sesi yang dijalankan di luar negara iaitu di Yangon, Myanmar; serta Jakarta dan Bandung, Indonesia turut mendapat sambutan yang menggalakkan. Daripada jumlah calon yang hadir semasa sesi-sesi temuduga terbuka tersebut, seramai 54 orang calon telah berjaya ditawarkan sebagai Pensyarah Universiti dan Pensyarah Perubatan. Kaedah pengambilan ini ternyata telah memperbaiki nisbah pensyarah:pelajar UNIMAS pada tahun 2013.

Walaupun fokus pengambilan kakitangan pada tahun 2013 adalah terhadap kumpulan akademik iaitu sejajar dengan peningkatan bilangan pelajar UNIMAS semenjak tahun 2011, namun proses pengisian jawatan Pengurusan dan Pelaksana turut dilakukan berdasarkan kepada kekosongan dan keperluan kritikal PTj.

In 2013, UNIMAS employed a total of 2,196 people consisting of academic, management, administrative and support staff.

Under the Estimated Operating Budget (ABM) 2013 (External ABM), UNIMAS has approved 131 new positions of University Lecturer, and 49 new positions and promotions for the Management and Executive group. This resulted in the total number of 2,364 posts approved until December 31, 2013.

APPOINTMENTS AND PROMOTIONS

UNIMAS has also taken proactive steps to attract talented and high caliber individuals through recruitment exercises within and outside the country through open interviews conducted intensively from October to December 2013. A total of six open interview sessions were done inside the country in the towns of Kuching, Sarawak, Kuala Lumpur and Johor Bahru, Johor. The response was overwhelming with a total of 457 candidates present. Similarly, sessions conducted overseas, namely in Yangon, Myanmar, as well as Jakarta and Bandung, Indonesia were well received. From the total number of candidates, 54 were offered the University Lecturer and Medical Lecturer posts. The recruitment method appears to have improved the ratio of UNIMAS lecturers and students in 2013.

Despite the focus of recruitment in 2013 on the academic group, to align with the increase in the number of students in UNIMAS since 2011, the recruitment for Management and Executive positions was also done based on the availability and the critical needs of the CoR.

Daripada aspek kemajuan kerjaya, UNIMAS telah berjaya melaksanakan dua amalan kenaikan pangkat untuk jawatan Profesor dan Profesor Madya yang melibatkan seramai 14 orang. Seramai 31 orang kakitangan akademik telah dinaikkan pangkat kepada Gred 52. Pada tahun ini juga, proses permohonan kenaikan pangkat akademik telah diadakan secara atas talian melalui Sistem ePangkat yang melibatkan beberapa modul iaitu pemohon, panel verifikasi fakulti/pusat, panel verifikasi universiti dan panel penilai luar. Dengan adanya aplikasi ini, menjadikan proses permohonan kenaikan pangkat menjadi lebih mudah, cepat dan lancar terutama kepada calon dan panel verifikasi fakulti dan universiti dalam membuat keputusan saringan pemilihan calon. Pembangunan sistem ini juga telah memudahkan laporan panel penilai luar yang juga dihantar secara atas talian. Kriteria kenaikan pangkat akademik juga telah melalui proses penambahbaikan yang menyaksikan garis panduan dan kriteria kenaikan pangkat telah disemak semula. Manakala bagi urusan temuduga kenaikan pangkat kumpulan Pengurusan dan Pelaksana, proses kenaikan pangkat telah diadakan bagi mengisi jawatan kenaikan pangkat yang telah dikosongkan berikutan peningkatan gred bagi penyandang sebelum ini.

PERKHIDMATAN DAN SARAAN

Pada tahun 2013 juga, semua kakitangan telah menikmati perubahan dan pindaan gaji baharu ekoran daripada pelaksanaan *Pekeliling Perkhidmatan Bilangan 2 Tahun 2013 - Penambahbaikan Jadual Gaji Minimum-Maksimum Bagi Pegawai Perkhidmatan Awam Persekutuan Di Bawah Sistem Saraan Malaysia*. Gaji maksimum ditambah baik kepada tiga kenaikan (KGT) bagi membolehkan pegawai menikmati Pergerakan Gaji Tahunan (PGT) terutama kakitangan yang telah mencapai gaji maksimum.

Pada 1 Julai 2013 juga semua kakitangan turut menikmati pembayaran Kenaikan Gaji Tahunan (KGT) ekoran pelaksanaan *Pekeliling Perkhidmatan Bilangan 5 Tahun 2013 - Pemberian Pemindahan Gaji Kepada Pegawai Perkhidmatan Awam Persekutuan Di Bawah Sistem Saraan Malaysia* menjadikan pada tahun 2013 semua kakitangan UNIMAS telah menikmati kenaikan gaji tahunan sebanyak dua kali iaitu pada 1 Julai dan juga pada tarikh pergerakan gaji masing-masing.

UNIMAS turut menerima pakai *Pekeliling Perkhidmatan Bilangan 36 Tahun 2013 - Penambahbaikan Jadual Gaji Minimum-Maksimum Gred 1 Hingga Gred 54 di Bawah Sistem Saraan Malaysia* bertujuan untuk melaksanakan penambahbaikan struktur Jadual Gaji Minimum-Maksimum (JGMM) bagi gred 1 hingga gred 54. Kesan daripada pemakaian *pekeliiling* ini adalah kakitangan yang berada di tangga gaji maksimum pada tahun semasa masih boleh menikmati tambahan sebanyak dua Kenaikan Gaji Tahunan (KGT) dalam sifir gaji mereka.

In terms of career advancement, UNIMAS successfully implemented two practices for promotion to the post of Professor and Associate Professor, involving 14 people. Additionally, 31 academics were promoted to Grade 52. During the year, the application process of academic promotion was conducted online via ePangkat system involving several modules namely the applicant, faculty/center verification panel, university verification panel and external assessors. With this system, the application for promotion is made easier and faster, especially for candidates and the faculty verification panel, as well as the university's decision-making selection of candidates for screening. The system will also facilitate external evaluation panel report which is delivered on-line. Criteria for academic promotion has undergone a process of improvement that saw the guidelines and criteria for promotion revised. Meanwhile, for the Management and Executive group, interviews for promotion were held to fill positions vacated due to promotion to higher grades.

SERVICES AND REMUNERATION

*In 2013 also, all the staff benefitted from the changes and amendments to the new salary following the implementation of *Pekeliling Perkhidmatan Bilangan 2 Tahun 2013 - Penambahbaikan Jadual Gaji Minimum-Maksimum Bagi Pegawai Perkhidmatan Awam Persekutuan Di Bawah Sistem Saraan Malaysia*. The maximum salary was improved with three (KGT) increments to enable officers to benefit from the Annual Salary Adjustment (PGT), especially for staff whose salary has reached the maximum.*

*On July 1, 2013 also, all staff received the payment for annual salary increment (KGT) following the implementation of Circular No. 5 of 2013 – (*Pekeliling Perkhidmatan Bilangan 5 Tahun 2013 - Pemberian Pemindahan Gaji Kepada Pegawai Perkhidmatan Awam Persekutuan Di Bawah Sistem Saraan Malaysia*). Consequently, all staff of UNIMAS benefitted from annual increment twice – one on July 1 and second, on each individual's dates of annual increment.*

*UNIMAS adopted the *Pekeliling Perkhidmatan Bilangan 36 Tahun 2013 - Penambahbaikan Jadual Gaji Minimum-Maksimum Gred 1 Hingga Gred 54 di Bawah Sistem Saraan Malaysia* aimed to implement structural improvements to the *Jadual Gaji Minimum-Maksimum (JGMM)* for grades 1 to grade 54. Therefore, staff whose salary has reached maximum for the current year was still able to enjoy the addition of two annual increments to their salaries.*

In terms of management services, UNIMAS constantly strives to improve its delivery system, especially involving the use of the online system such as the e-prestasi system which has gone through several phases of improvement that involves the merger of two modules (Academic and Non-Academic) into one system, namely the e-Form system. In addition, the request for access password of Pegawai Yang Dinilai (PYD) has been removed and replaced with the Pegawai Yang

Dari segi urusan perkhidmatan, UNIMAS sentiasa berusaha untuk menambah baik sistem penyampaian terutama yang melibatkan penggunaan sistem atas talian, antaranya ialah Sistem e-prestasi yang telah melalui beberapa fasa penambahbaikan yang melibatkan penggabungan dua modul (Akademik dan Bukan Akademik) menjadi satu sistem sahaja iaitu Sistem e-Prestasi. Selain itu, keperluan kata laluan Pegawai Yang Dinilai (PYD) telah dimansuhkan dan digantikan dengan proses semakan markah penilaian Pegawai Penilai (PP) oleh Pegawai Yang Dinilai (PYD) menjadikan sistem ini lebih telus bersesuaian dengan prinsip penilaian prestasi yang perlu diuruskan secara adil, saksama dan telus.

Pengurusan pergerakan fail peribadi turut melalui proses penambahbaikan dengan Sistem e-fail bagi memudahkan sistem peminjaman dan pergerakan fail peribadi staf UNIMAS dilaksanakan secara sistematik dan mudah dikesan.

Daripada aspek tadbir urus, telah diperkenalkan pra Mesyuarat Bersama Jabatan (pra-MBJ) di mana wakil-wakil persatuan dan kesatuan dipanggil untuk bermesyuarat terlebih dahulu dengan wakil-wakil dari Pejabat Pendaftar bagi membincangkan isu-isu yang bakal dibawa ke MBJ. Isu-isu yang boleh diselesai dan diuruskan secara pentadbiran akan diselesaikan di luar MBJ. Melalui pelaksanaan pramesyuarat ini menjadikan MBJ dapat dikendalikan dengan lebih berkesan dan hanya memfokus kepada perkara-perkara utama yang melibatkan pelaksanaan dasar dan polisi yang melibatkan proses pembuatan keputusan peringkat tertinggi.

Bidang kuasa Jawatankuasa Sumber Manusia turut diperkasakan bagi membincangkan hal ehwal yang berkaitan dengan sumber manusia bagi membolehkan semua urusan yang berkaitan dengan sumber manusia dilakukan dengan lebih cepat dan telus.

REPORT

Kumpulan Syarikat UNIMAS Holdings telah berjaya melaksanakan beberapa perubahan baru ke atas dasar dan operasi syarikat sehingga telah mencatatkan keuntungan yang tertinggi sejak penubuhannya.

Sepanjang tahun 2013, Kumpulan Syarikat UNIMAS Holdings telah berjaya melaksanakan beberapa perubahan baharu ke atas dasar dan operasi syarikat sehingga telah mencatatkan keuntungan yang tertinggi sejak penubuhannya. Walau bagaimanapun, tahun 2013 juga merupakan tahun yang amat mencabar bagi UNIMAS Holdings. Pada awalnya syarikat telah berdepan dengan pelbagai isu yang berkaitan dengan tadbir urus (*governance*) dan pada masa yang sama, pendapatan syarikat turut menurun manakala perbelanjaan operasi terus meningkat. Selain itu, situasi kedudukan kewangan UNIMAS Medic Sdn Bhd menjadi amat runcing dan keadaan yang sama juga telah melanda UNIMAS Technologies Sdn Bhd. Kedua-dua syarikat mengalami masalah daripada segi keuntungan dan kecairan yang amat membimbangkan. Keadaan ini telah mendesak Ahli Lembaga Pengarah UNIMAS Holdings yang baharu mengambil beberapa pendekatan yang berani dan drastik.

Dalam usaha untuk memulihkan keadaan kumpulan syarikat yang menjadi semakin tenat pada waktu itu, Lembaga Pengarah Kumpulan Syarikat telah mengarahkan supaya satu *due diligence* dilaksanakan untuk mengenal pasti isu sebenar yang sedang dihadapi oleh syarikat pada waktu itu. Sebagai langkah pertama, Pengurus Besar yang baharu telah dilantik bagi menggantikan Pengurus Besar yang telah berhenti sebelum membuat beberapa pelantikan yang baharu bagi jawatan Akauntan, Pegawai Perkhidmatan Projek dan Pegawai Pemasaran.

Sebagai usaha untuk mengukuhkan kedudukan tadbir urus syarikat, maka beberapa *standard operating procedures* (SOP) yang ada telah dikemas kini dan yang baharu telah diperkenalkan. SOP yang baharu ini telah mengambil kira keperluan operasi syarikat yang lebih menyeluruh dan efektif termasuk aspek pembangunan sumber manusia dan pentadbiran, pengurusan akaun dan kewangan, pengembangan perniagaan dan pemasaran. Antara usaha yang ketara ialah pengwujudan Jawatankuasa Pengurusan (*Management Committee*), pengenalan kepada *Purchase Authorisation Limit* dan pengwujudan 3 peringkat Jawatankuasa Perolehan. Pada masa yang sama, syarikat juga telah melantik seorang Ahli Lembaga Pengarah baharu yang berperanan sebagai *Independent Director* dalam Ahli Lembaga Pengarah syarikat.

UNIMAS Holdings had successfully implemented several new changes to the policies and operational practices of the company. The execution of these new changes has lead to the company's highest profit gain since its establishment.

Throughout 2013, UNIMAS Holdings Group of Companies or UNIMAS Holdings had successfully implemented several new changes to the policies and operational practices of the company. The execution of these new changes has lead to the company's highest profit gain since its establishment. However, 2013 was also a challenging year for UNIMAS Holdings. Initially, the company had to face and resolve issues related to governance as well as the substantial decline in the company's earnings albeit the steady rise of operating expenses. The unpropitious financial state of UNIMAS Medic Sdn. Bhd and UNIMAS Technologies Sdn. Bhd in terms of profitability and liquidity were also part of the challenging issues faced by UNIMAS Holdings. In light of the aforementioned challenges, UNIMAS Holdings Board of Directors decided to devise several bold and drastic new approaches to alleviate the situation.

One of the damage control measures initiated by UNIMAS Holdings Board of Directors was to ensure the implementation of a *due diligence* in order to identify the real issues being faced by the company at that time. As a first step, a new General Manager was appointed. The new General Manager had to replace the previous general manager who resigned without making new appointments to three positions namely Accountant, Project Officer and Chief Marketing Officer.

Subsequently, in an effort to strengthen its corporate governance, several standard operating procedures (SOPs) were either newly introduced or updated. The new SOP took into account a more comprehensive and effective operational requirements and needs of the company. Therefore it included aspects of human resource development and administration, account and financial management, business development as well as marketing. Other notable efforts made by the Board of Directors were the establishment of a Management Committee and three Procurement Committees as well as the introduction of the Purchase Authorisation Limit system. Additionally, the company also appointed a new board member whose role in the company is to be an Independent Director.

Bagi memperbaiki kedudukan kewangan dan kecairan Kumpulan Syarikat UNIMAS Holdings, beberapa langkah yang drastik telah diambil. Ini termasuklah menamatkan operasi Klinik Sebayor di Pusat Bandar Kuching dan juga di Kota Samarahan berkuat kuasa pada bulan Julai 2013. Selain itu, perbelanjaan syarikat terus dipantau dan diurus selaras dengan matlamat, objektif dan keperluan semasa syarikat. Pada masa yang sama, kawalan pengurusan wang tunai telah diperketat. Pihak syarikat juga telah beralih ke sistem perisian perakaunan yang lebih komprehensif bagi memenuhi keperluan transaksi urus niaga yang semakin mencabar.

Dari aspek pengurusan projek perundingan, usaha dan langkah yang lebih teratur telah diusahakan. Ini termasuklah memastikan bahawa setiap projek yang dilaksanakan oleh UNIMAS Holdings dengan para perunding akan dimeteraikan dengan perjanjian antara kedua-dua belah pihak yang tidak pernah wujud sebelum ini. Inisiatif lain termasuklah pengemaskinian maklumat berkenaan dengan semua projek yang diuruskan oleh syarikat agar pemantauan yang lebih efektif dapat diperolehi. Manakala dari aspek pengembangan perniagaan dan pemasaran tidak banyak usaha baharu telah dilaksanakan kerana usaha dan fokus pada waktu itu lebih tertumpu kepada usaha pemulihan syarikat. Maka program kerja kursus, perundingan dan pembelajaran sepanjang hayat telah diteruskan seperti biasa.

Kepentingan dan sumbangan kakitangan syarikat dalam usaha memulihkan keadaannya turut diambil kira. Pelbagai aspek dan pengurusan sumber manusia yang lebih baik telah dimuatkan dalam SOP syarikat agar produktiviti dapat dipertingkatkan dari semasa ke semasa. Antara lain, kakitangan syarikat telah dinilai dari aspek sumbangan mereka kepada pendapatan dan pertumbuhan syarikat dengan memperkenalkan sistem *performance appraisal* yang tidak pernah dilakukan sebelum ini. Sistem ini telah dilaksanakan berdasarkan kepada *organisational targets* dan *sectional targets*. Pada masa yang sama, aspek *staff development program* turut diperkenalkan sebagai langkah untuk mempertingkatkan kemahiran kakitangan syarikat.

In terms of improving UNIMAS Holdings financial position and liquidity, several drastic measures were carried out throughout 2013. One of them was ceasing the operation of Sebayor Clinic in Kuching City Centre and Kota Samarahan starting from July 2013. Additionally, all expenses of the company were monitored and managed in accordance to the goals, objectives and requirements of the company. At the same time, cash management controls were also tightened. A more comprehensive accounting software was also employed and adopted by the company in order to meet the demands of more challenging business transactions.

In the aspect of managing consultancy projects, more systematic measures and efforts were undertaken. One of them was to ensure all joint projects between UNIMAS Holdings and consultants are sealed with an agreement between the two parties. In retrospect, this new practice was never undertaken prior to 2013. Effective monitoring was also exercised in such a way that all information regarding the projects managed by the company were consistently updated. Not many changes were implemented on the aspect of business development and marketing. This is because the focus at the time was on the company's recovery. Therefore, coursework and lifelong learning programmes as well as consultancy continued as per usual.

Employees' importance and contribution to the company were also taken into account during the company's recovery process. As such, various aspects of human resource management were included in the company's SOP so that productivity could be increased from time to time. Among these efforts were the members of the staff were evaluated on the basis of their contribution to the company's revenue and growth. The evaluation was made through a newly-introduced performance appraisal system. The system was also fulfilled on the basis of organisational and sectional targets. At the same time, aspects of staff development program were also introduced as a measure to improve the skills of the employees.

Tanggungjawab Juruaudit

Tanggungjawab saya adalah memberi pendapat terhadap penyata kewangan tersebut berdasarkan pengauditan yang dijalankan. Pengauditan telah dilaksanakan mengikut Akta Audit 1957 dan piawaian pengauditan yang diluluskan di Malaysia. Piawaian tersebut menghendaki saya mematuhi keperluan etika serta merancang dan melaksanakan pengauditan untuk memperoleh jaminan yang munasabah sama ada penyata kewangan tersebut bebas daripada salah nyata yang ketara.

Pengauditan meliputi pelaksanaan prosedur untuk memperoleh bukti audit mengenai amaun dan pendedahan dalam penyata kewangan. Prosedur yang dipilih bergantung kepada pertimbangan juruaudit, termasuk penilaian risiko salah nyata yang ketara pada penyata kewangan sama ada disebabkan oleh fraud atau kesilapan. Dalam membuat penilaian risiko tersebut, juruaudit mempertimbangkan kawalan dalaman yang bersesuaian dengan entiti dalam penyediaan dan persembahan penyata kewangan yang memberi gambaran yang benar dan saksama bagi tujuan merangka prosedur pengauditan yang bersesuaian tetapi bukan untuk menyatakan pendapat mengenai keberkesanan kawalan dalaman entiti

tersebut. Pengauditan juga termasuk menilai kesesuaian polisi perakaunan yang diguna pakai dan kemunasabahan anggaran perakaunan yang dibuat oleh pengurusan serta persembahan penyata kewangan secara menyeluruh.

**AUDITOR GENERAL'S REPORT
ON THE FINANCIAL STATEMENTS OF
UNIVERSITI MALAYSIA SARAWAK
FOR THE YEAR ENDED 31 DECEMBER 2013**

Report On The Financial Statements

Our representatives have audited the financial statements of Universiti Malaysia Sarawak and of the Group, which comprise the balance sheets as at 31 December 2013, and the income statements, statements of changes in equity and cash flow statements for the year then ended, and a summary of significant accounting policies and other explanatory information.

Directors' Responsibility For The Financial Statements

The directors of the University are responsible for the preparation of financial statements so as to give a true and fair view in accordance with approved financial reporting standards in Malaysia and Universities And University Colleges Act 1971 (Act 30). The directors are also responsible for such internal control as the management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

My responsibility is to express an opinion on these financial statements based on our audit. The audit was conducted in accordance with Audit Act 1957 and approved standard on auditing in Malaysia. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on auditor's judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of

the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements give a true and fair view of the financial position of Universiti Malaysia Sarawak and of the Group as of 31 December 2013 and of their financial performance and cash flows for the year then ended in accordance with approved financial reporting standards in Malaysia.

I have considered the financial statements and the auditors' reports of all the subsidiaries of which I have not acted as auditor, which are indicated in the notes to the financial statements. I am satisfied that the financial statements of the subsidiaries that have been consolidated with the University's financial statements are in a form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements. I have received satisfactory information and explanations required by me for those purpose. Auditor's reports on the financial statements of the subsidiaries did not contain any qualification or adverse comments that could affect the consolidated financial statements.
